Welcome to our Advanced Video Editing Course!

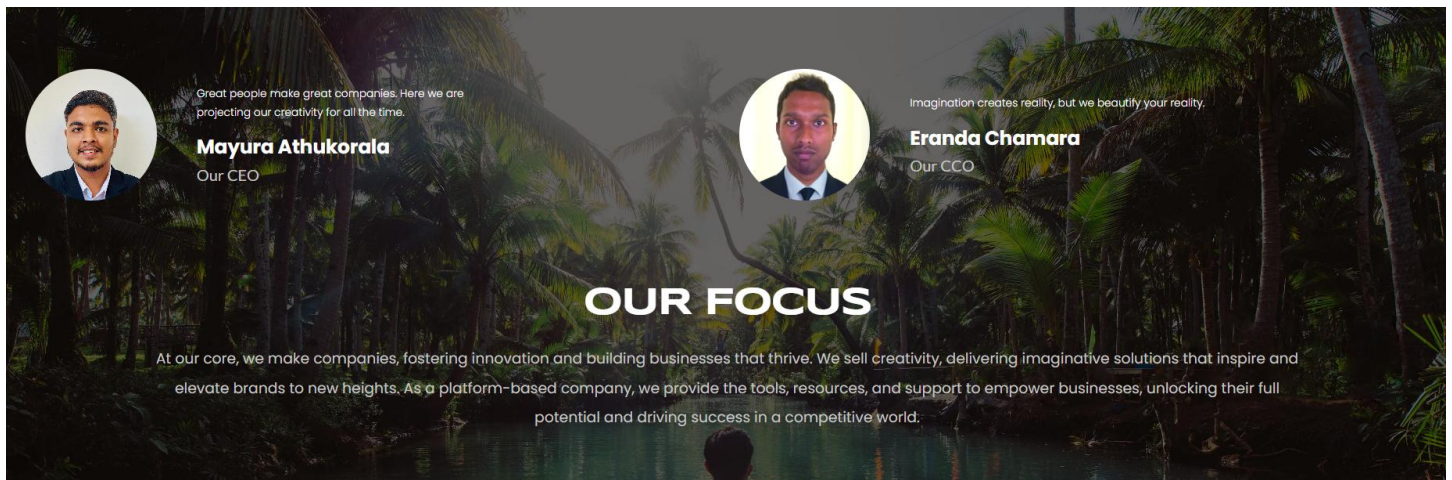

Welcome to 100 International, a multinational company dedicated to taking creativity to the next level. We are excited to announce our Professional Video Editing and Cinema Course, designed to help you master essential editing tools like Premiere Pro, DaVinci Resolve, and basic After Effects animations. This two-month program includes 8 practical assignments, given weekly, to ensure hands-on learning and skill development. Conducted entirely online via Google Meet, the course offers complete support from our experienced team throughout its duration.

An added advantage is that completing this course qualifies you for a 6-month internship with 100 International, where you can gain real-world experience. Since the course counts toward two months of the internship, only 4 months remain after course completion to finish the program. Participants will also receive a professional certificate, which serves as a basic requirement for joining the internship. Our team, experienced in global editing techniques, is committed to helping you achieve professional results by exploring multiple creative possibilities. Don't miss this
